

BCBST Catering Services

Price Match Guarantee

As the onsite provider of food service, we at FLIK understand the service and budgetary requirements of BCBST. Our catering menu was created and priced to meet that requirement. If you feel that an outside vendor can provide an equal service at a lower price, we will match the price. It's that easy!

How it Works

1. Obtain a quote from a catering company that is providing a like for like offering to the BCBST catering menu. The catering company must be able to deliver to the site in which you would like to host your event.
2. Send the quote to Peyton Ankers at least five business days prior to your scheduled event. Peyton will get back to you within 24 business hours.
peyton.ankers@compass-usa.com
3. If the quote provided is priced lower than the BCBST pricing listed in CaterTrax, we will go into the system and lower the price for your order!
