

catered services

FLIK is proud to partner with BD as their provider for all catered events. All catering events can be booked through Catertrax, our online ordering system. Please fill out the appropriate areas in the program and your request will be confirmed.

The website is cateringbd-flks.catertrax.com

Events should be requested 48 hours in advance to ensure the requested items are available. Events that are requested with less than 48 hours notice will be subject to chef's selection of available items. We will do our best to accommodate your requests for last minute orders.

Your safety is our top priority. We will be providing gloves and hand sanitizer with every service. We ask that you don't remove any of these item from carts due to our limited supply.

We also ask for your cooperation by not removing any carts from your original location to a new location.

Thank You,

Jhumer De Los Santos
Catering Manager
