Allergies & Intolerances

Please note that we will make every effort to accommodate special requests. However, due to our open kitchens that handle major allergens, gluten and other ingredients for the preparation of other menu items, we cannot guarantee that items will be completely “free” of any ingredient.

While we make every effort to avoid cross-contact, the potential for cross-contact does still exist. We encourage guests to ask to speak to the chef or manager regarding any questions about the ingredients contained in the food being considered.
