

1. To begin download the My Quickcharge mobile app. Visit the [Android](#) or [Apple](#) app store, scan the QR code on the right, or search for “My Quickcharge” in the app store. When opening the app for the first time, enter the Access Code IDB804 when prompted. If you prefer to access My Quickcharge via your computer, use the following link: <https://useast5556.mmhcloud.com/myqc>
2. To begin, scroll through the app tour, and click Get Started when you are ready to continue.
3. Fill in the required information to set up your account then click Create Account. You will see confirmation that your account has been created and an email sent to the address you provided from noreply@mmhcloud.com.
4. Verify Your Account through the email sent to your inbox. When prompted, create your password and enter it a second time to confirm then click Create Account.
5. Now you're ready to use My Quickcharge, use the email address you entered and the password you created to start ordering!
6. To link a credit card to your account, select Wallet from the main menu. Click Add Payment Method to add your credit or debit card to the system. Enter the required information and click Submit.
